## BUREAU OF LAND MANAGEMENT

Salem District Office  
1717 Fabry Road S.E.  
Salem, Oregon 97306

IN REPLY REFER TO:

1790 (084)  
Quartzville Restoration

September 25, 2003

Dear Interested Public:

The Bureau of Land Management is considering watershed restoration activities for federal land located in Township 11 South, Range 4 East, Section 9 and 19, and Township 11 South, Range 3 East, Sections 25, 27, 35 and 36, Willamette Meridian. This area is within the Quartzville Creek watershed. Activities being considered include placement of large wood into stream channels and the planting of seedlings along road right-of-ways that intersect riparian zones in the area. You have been identified as someone who might have specific knowledge or interest in this area.

The purpose of this letter is twofold. The first is to inform you of our plans, and the second is to solicit your input. Specifically, I would like to hear what issues you believe are important to consider in the planning of management activities in this area. If you have specific resource information such as the location of springs, trails, or potential environmental effects, please let us know. The enclosed map shows the general location of the proposal. I would appreciate your thoughts on this project and I ask that your comments reach this office by October 3, 2003.

If you would like more information on this project, please contact me at (503) 315-5974. Written comments may be sent to Brad Keller, Acting Cascades Field Manager, Salem District, Bureau of Land Management, 1717 Fabry Rd. SE Salem, Oregon, 97306. Comments may also be sent via E-mail to [phawe@or.blm.gov](mailto:phawe@or.blm.gov). Please place the name "Quartzville Restoration" in the subject line so that your comments are directed to the correct office.

Sincerely,

/s/ Patrick Hawe
